WORLD MARTIAL AUTHORITY

Rebellion to Tyrants is Obedience to God

In laymen's terms, Uniform Commercial Code article 1, UCc-1 is the ruling law for all planet earth continents, they are the only laws that can be used against corruption at the highest levels due to the 1930 Geneva convention. They are common law, natures law, gods law. They cannot be changed.

“The laws of nature are most perfect and immutable; but the condition of human law is an unending succession, and there is nothing in it which can continue perpetually. Human laws are born, live, and die.”-- 7 Coke, 25.

Rebellion to Tyrants is Obedience to God

The monumental union of General Grantor Lamont Durrell Belton and Honorable Lee Clegg; The Law, UCe-1 and the law enforcement/military has resulted in the birth of the

It is the first of its calibre and its reach is global from the highest previously untouchable corporations to the protection of the simplest of beings.

UCe-1 International Private and Commercial Law Enforcement -Copper Toned, has three main divisions globally. Law Enforcement, Military and Legal. All are under the same direction, and operate for all Supreme Courts SIJC, ICC, ICJ and the Hague. It also has a Sovereign IGO. All Martials are all bonded and have signed an oath to General Grantor Lamont Durrell Belton but are headed by Honorable Lee Clegg. The WMA is the highest law enforcement authority globally and have been built by Honorable Lee Clegg for the simple reason to execute the UCe-1 laws and remove all corruption from the top down. They supersede all others. Although given this fact peaceful resolution is always the preferred route, either way, the UCe-1 will be adhered to.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to affect their Safety and Happiness." -- Declaration of Independence

WORLD MARTIAL AUTHORITY

Currently being built by Honorable Lee Clegg and his leading Martials under General Grantor Lamont Durrell Belton's bond is . . .

AlterNations. For lack of a better term, a new United Nations. It will be made up from Sovereign and Absolute entities. It will cover a wider range than the United Nations taking better care, of life, environment and our planet, by introducing innovations in every sector with zero corruption tolerated. AlterNations is a fresh organisation supported and protected by the UCc which will be ensured by the WMA.

The projects and roles are endless, funding will be delivered to projects on the ground, so no funds can be corrupted en-route. We will be working with other platforms and will also have our own banks. This will enable us to filter funds directly to projects and Humanitarian causes and provide Aid without blocks. These will operate under all UCc-1 codes. They will have full operating facilities and new innovations. Nations will be assisted in backing their currencies, allowing them to alleviate debt or completely abolish it.

AlterNations representatives will be formally named Ambassadors. They are representatives for their fields of service, from Scientists to Bankers to Farmers. Already Ambassadors are working in their roles. AlterNations Ambassadors are the most honorable, moral people, they are of the highest levels in their fields of expertise and are deeply passionate about their sectors. They already have fantastic ideas, contacts and resources. AlterNations already has Regional, National and Continental Ambassadors, overseeing projects in their areas.

Why we chose the name AlterNations. The alter in a church or other religious order is the focal point of the place of worship, ancient or modern. In this case it is the alter for each nation and peoples to believe in itself/themselves and its/their sovereignty.

*"SOVEREIGN is defined in Blacks Law as: "A person, body [jury], or state in which independent and supreme authority is vested; a chief ruler with supreme power; a king or other ruler with limited power." Whereas sovereign authority was 29 vested in We the People through unalienable rights by natures God and sovereign authority was vested in the state through the Constitution by We the People42 ."*The Sheriffs Handbook.

Alter as in alternatives, in all industries as we are bringing in all alternative products. Alter as in to change, to adapt and to improve.

"Your life does not get better by chance, it gets better by change." Unknown.

The grapevine symbolises various things from strength, endurance, survival and progress. It is organic and encompassing. It is also divine, di-vine, the vine. This epitomizes UCc-1, common law, natures law, Gods law, Universal law. AlterNations is the power that will bring the earth and all life on it its divine right of sovereignty.

"Sovereignty itself is, of course, not subject to law, for it is the author and source of law;" Yick Wo v. Hopkins, 118 US 356, 370

Many are now in agreement that the United Nations is problematic. Since their existence, they have yet to resolve any issues. Yes, they do assist the world in many ways, however they have never really managed to solve any root causes of problems and now they have developed into a giant money-laundering machine. This all needs to stop, it has become rotten to its core.

AlterNations will come with a new convenient, called TURN. The United Reset of Nations. TURN will be changing the financial industry into a debt free system, thus ending debt. Without debt, banks would not survive, however with the new facilities of today it is just a matter of time before this happens. When the backed wealth is released to the world through an alternative system, it will perhaps be disruptive to begin with but nowhere near as disruptive as the economies are today. Simply 'flipping the system' and creating a Jubilee for the world. Not in a dramatic format, but in a way that puts it all back to work. Creating a freer or even cheaper way of life in the essential areas, a home for everyone and security. Banks don't have to collapse, their systems can remain. Many are already changing to Quantum financial systems, asset based cryptos, fiat based cryptos, all of these are still debt though and this needs to be realised. The Uniform bonding codes need to be re applied. Trading needs to be reduced, as it creates too much debt and should always be on product, not money or paper.

"If the State converts a right (liberty) into a privilege, the citizen can ignore the license and fee and engage in the right (liberty) with impunity." - Shuttlesworth v. City of Birmingham, Alabama, 373 U.S. 262.

Rebellion to Tyrants is Obedience to God

Our future generations should not be left with the way things have become, and our ancestors who fought for our freedoms should not be forgotten. We should co-exist in a fair and free society and the generational fight for freedom should be over and done with by now. However, it's not. Let's make something that will put a stop to this. We all need peace, life here is short, and don't need to be persecuted purely because we exist.

Great walls and barriers will be encountered; however, the WMA and Alternations will not falter in their stance for freedom and sovereignty. It is undisputable, if the vision of AlterNations is achieved, enhancement of life today will not only be accomplished but for generations to come. It will improve and protect planet earth and all its life for centuries, not only that, it will be the gift of liberty.

The World Martial Authority and AlterNations believe in the Haudenosaunee philosophy, and the seventh generational rule being of paramount importance. *"When you sit in council for the welfare of the people, you must not think about yourself or of your family, not even your generation. He said make your decisions on behalf of the seven generations coming, so that they may enjoy what you have today."* Oren Lyons.

"..., every man is independent of all laws, except those prescribed by nature. He is not bound by any institutions formed by his fellowman without his consent." [Cruden v. Neale]. Herein is Liberty, if "YOU" do not give the court consent, they have no "JURISDICTION" over "YOU"!

"I would rather be exposed to the inconveniences attending too much liberty than those attending too small a degree of it." Thomas Jefferson

Paths will cross between Alternations and the World Martial Authority as they are being headed by the same individuals. However, a strong separation between them is being made to enable the World Martial Authority to stay solely as law enforcement, military and protection and AlterNations to be the gifting hand with its own Sovereign IGO. The crossover at the top protects all aspects of both, under UCc-1, thus protecting Continents, Nations, Kingdoms, Cities, Towns, people and businesses from corruption. Although so much damage has been done, especially in the last year. With the bonds and support that the WMA and AlterNations now have, change will come rapidly. Making a better normal, rather than a 'new normal' or back to the old normal. Good will always succeed and draw balance.

The conclusion in the simplest of formats;

"The common law is the real law, the Supreme Law of the land, the code, rules, regulations, policy and statutes are "not the law," -- Self v. Rhay, 61 Wn (2d) 261.

The UCc-1 is common law, it supersedes laws.

The WMA is the highest law enforcement agency globally and the only authority that can execute the laws over corporations.

The WMA removes corruption from the top down and AlterNations build from the bottom up thus protecting and providing We the People with all the resources to build their own futures as they so choose.

"There can never be peace between nations until there is first known that true peace which... is within the hearts of men." Black Elk

For more information please don't hesitate to contact a Martial or an Ambassador, they will happily educate and, if necessary, pass you on to someone with more knowledge.

Regardless of industry, size of entity, country, race, religion or even knowledge of these laws do get in touch. All that is expected is 'do no harm to life and do no harm to the Planet'. Simple, ethical, moral.

This is a monumental quest, as the saying goes, 'many hands make light work' and we welcome all entities, big or small to join us in regaining our Sovereignty and protecting our divine rights as living beings to liberty.

The people have the power.
All we have to do is awaken
the power in the people.

John Lennon

 quoteFancy

Thomas Jefferson told us: *"Laws are made for men of ordinary understanding and should, therefore, be construed by the ordinary rules of common sense. Their meaning is not to be sought for in metaphysical subtleties which may make anything mean everything or nothing at pleasure."* Do not fear them, use them to the advantage of the people.

If all that is taken from this brief introduction is one thing, remember these logos and what they stand for, you will be seeing them regularly!

Also, we implore all persons to read and understand this quote, especially in today's climate. It is imperative that people realise this.

"The general rule is that an unconstitutional statute, though having the form and name of law, is in reality no law, but is wholly void and ineffective for any purpose, since its unconstitutionality dates from the time of its enactment... In legal contemplation, it is as inoperative as if it had never been passed... Since an unconstitutional law is void, the general principles follow that it imposes no duties, confers no right, creates no office, bestows no power or authority on anyone, affords protection and justifies no acts performed under it... A void act cannot be legally consistent with a valid one. An unconstitutional law cannot operate to supersede any existing law. Indeed insofar as a statute runs counter to the fundamental law of the land, (the Constitution) it is superseded thereby. No one is bound to obey an unconstitutional law and no courts are bound to enforce it." Bonnett v. Vallier, 116 N.W. 885, 136 Wis. 193 (1908); NORTON v. SHELBY COUNTY, 118 U.S. 425 (1886)
